

## Technical Assistance Facility at a glance

### SANAD Fund

The SANAD Fund for MSMEs provides debt and equity financing to partner institutions in the Middle East and North Africa for on-lending to micro, small, and medium enterprises (MSME), fueling their growth. SANAD's objective is shaped by three imperatives:

- Maintain and create employment, especially for youth – primarily through support to small and medium enterprises
- Reduce poverty – by facilitating self-employment, primarily through microfinance
- Build inclusive financial systems – by cooperating with banks, microfinance institutions and other institutions to facilitate access to financial services.

### SANAD Technical Assistance Facility

SANAD takes a holistic approach, combining funding with Technical Assistance (TA) to strengthen the ability of partner institutions to increase access to finance to MSME. It has therefore created a Technical Assistance Facility (TAF), which operates independently from the Fund in a fiduciary arrangement under Luxembourg law. The TAF supports SANAD's mission by providing partner institutions with the hands-on support they need to optimize product offerings, access new customer segments, adopt alternative lending technologies, and develop new initiatives.
